

Request for Law Enforcement funds

For 2021, we want to focus on Preventing, Mitigating, Responding to, and Recovery of acts of domestic terrorism. This mission can be focused on law enforcement response to include patrol level response, investigations, and tactical teams. All grants must have a nexus to domestic terrorism.

Example: A SWAT team cannot ask for ballistic shields or robots that will be used to keep officers safe during tactical operations. However, if the needed equipment would better prepare a law enforcement organization to respond to a terrorist attack at a facility or venue that would likely be a target of domestic terrorism, then a nexus could be established.

Grant applicants should provide a detailed description of likely terrorist targets in their jurisdiction (and surrounding jurisdictions), as well as any vulnerabilities that the community has that could lead to a terrorist attack. Again, there must be a clear nexus between terrorism related activities and law enforcement response.

The applicant should also have detailed descriptions of each item they want to purchase with the grant, how that equipment will meet the terrorism nexus, and a detailed cost of the requested item(s).

Below is a list of functions and equipment that is a high priority for the State of Georgia and DHS Funding.

Patrol Operations- Equipment that GEMA/HS would like to pursue in 2021 would include things like ballistic shields, breaching tools, TEMS/Rescue TF equipment, active shooter kits (special threat vests, helmets)

Command/Investigations- Training that would assist in the investigations of local incidents. This would also include training relating to Incident Management

SWAT- Equipment that GEMA/HS would like to pursue in 2021 would include things like ballistic shields, breaching tools, TEMS/Rescue TF equipment, robots/cameras, and equipment for night operations.

The (applicant complete name) serves a total population of (Population figures). (Applicant complete name) is seeking \$(TOTAL) to fund new law enforcement programs that are aimed at the Preventing, Mitigating, Responding to, and Recovery of acts of domestic terrorism. The (Applicant complete name) is responsible for providing law enforcement services to the (community name). This includes the protection of Critical Infrastructure and Key Resources in the surrounding area to include:

(Add any CIKR facilities that are vulnerable to a domestic terrorism attack)

Funds will be used as follows:

1. (Describe activity and cost new line for each item)
2. (Describe equipment and cost new line for each item)
