How to Wear Cloth Face Coverings

Cloth face coverings are an additional step to help slow the spread of COVID-19 when combined with every day preventive actions and social distancing in public settings.

Who should NOT use cloth face coverings: children under age 2, or anyone who has trouble breathing, is unconscious, incapacitated or otherwise unable to remove the mask without assistance.

Cloth face coverings are NOT surgical masks or N95 respirators. Currently, surgical masks and N95 respirators are critical supplies that should be reserved for healthcare workers and other first responders.
