

PUBLIC ASSISTANCE OVERVIEW

Public Assistance provides grants to state, tribal, territorial and local governments, and certain types of Private Non-Profit (PNP) organizations so that communities can quickly respond to and recover from major disasters or emergencies

THINGS TO REMEMBER

- Public Assistance funding cannot cover insured properties or lost revenue from business closures.
- The federal share of assistance is not less than 75 percent of the eligible cost. The recipient - usually the state -- determines how the non-federal share (up to 25 percent) is split with the sub-recipients.
- FEMA announced on January 2, 2018 that PNP Houses of Worship are eligible for disaster assistance.
